**HOW TO PRINT YOUR SIZE GUIDE**

To begin, print this document on an A4 piece of paper.

At this stage, ensure that the option to 'fit or shrink to page' **is not chosen** on your printer settings, as this will make the ring diameter guide inaccurate.

Once printed, check that the dimensions of the outer box are **170mm x 50mm** for an accurate reading.

**HOW TO MEASURE YOUR RING**

· Place your ring on the size guide to match a circle.
· The circle that sits slightly inside your ring is the measurement of your ring.
· The measurements are shown in millimeters and in UK ring sizes (K-T).
